

Triple-Strand Cultured Pearl Necklace with Gold Clasp

£325

Description

An elegant triple-strand cultured pearl necklace, finished with a gold clasp. Classic, feminine, and beautifully versatile, this timeless jewel brings together the soft luminosity of pearls with the warmth of gold in a design that sits gracefully at the neckline.

The three strands create a fuller, more luxurious effect than a traditional single row, allowing the pearls to catch the light from every angle. Their gentle lustre and natural variation give the necklace depth and character, while the layered arrangement offers a poised, polished look suitable for both day and evening wear.

The gold clasp provides a refined finishing detail and a secure closure, complementing the creamy tones of the cultured pearls. Whether worn with tailored daywear, a simple dress, or formal evening clothing, this necklace has the enduring elegance that has made pearls a staple of fine jewellery for generations.

A sophisticated addition to any jewellery collection, this triple-strand pearl necklace would make a thoughtful gift, a beautiful bridal accessory, or a graceful finishing touch for special occasions.
