REF: 6911

Depth: 3 cm (1.2")

Diameter: 23 cm (9.1")

Description

A pair of English hand painted porcelain cabinet plates circa 1820

Cabinet plates are decorative plates designed primarily for display rather than everyday use. Often made from fine porcelain, ceramic, or bone china, they showcase intricate patterns, hand-painted scenes, or gilded accents.

Popular in the 18th and 19th centuries, cabinet plates were produced by renowned manufacturers like Wedgwood, Meissen, and Royal Worcester. Collectors value them for their artistry, craftsmanship, and historical significance. Displayed in cabinets, on walls, or stands, they add elegance to interiors. Themes range from floral motifs to portraits and landscapes.

Today, cabinet plates remain treasured antiques, blending functionality with aesthetic appeal, and reflecting cultural and artistic heritage.
