

Edwardian 9ct Yellow Gold & Pearl Dress Studs

£120

Description

A refined pair of Edwardian dress studs, each crafted in warm 9ct yellow gold and centred with a luminous pearl. Their restrained, elegant design captures the period's taste for discreet luxury, making them a versatile addition to a formal shirtfront or a thoughtful gift for a collector of antique jewellery.

The softly glowing pearls contrast beautifully with the rich yellow-gold mounts, while the compact scale gives the pair a smart, understated presence. Both studs are marked "9ct" for gold purity.

An attractive and wearable pair of early 20th-century accessories, ideal for formal occasions, vintage styling, or completing an antique dress-stud set. Please refer to the photographs for the best indication of condition and detail.
